WHAT MAKES US DIFFERENT...OUR SERVICES

The On Time Companies provide ambulance, wheelchair van and medical car service, 24 hours, 7 days a week.

On Time Transport, Inc. and On Time Ambulance, Inc. offer quality medical transportation for clients who are stretcher or wheelchair bound, and ambulatory patients who need assistance and/or supervision. Our vehicles and staff are fully licensed and certified by the New Jersey Department of Health and Senior Services and Department of Transportation.

On Time's number one priority is providing prompt and courteous service while ensuring each client's comfort and safety. We believe that it is our attention to detail that has made us one of the premier medical transportation companies in the tri-state area.

Our current fleet includes late model ambulances, wheelchair vans and minivans. Each ambulance is equipped with oxygen/supplies, blood pressure cuffs, reeves stretchers, suction units and stair-chairs. Each wheelchair van is equipped with a hydraulic lift and raised roof, and is capable of securing all types of wheelchairs. Every field associate carries a two way radios, which assures constant communication with our dispatchers.

Although we provide ambulance, wheelchair van and medical car service, we are committed to our goal of assuring that each and every client is transported in the most appropriate vehicle. We will not stray from our basic philosophy that medical transportation should be tailored to a client's actual needs, and no one should pay for a higher level of service than necessary.

We provide attentive, supervised service at a cost effective price.

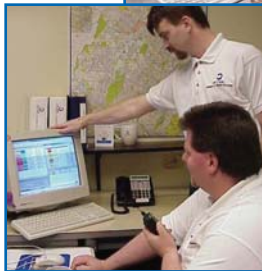

WHO MAKES US DIFFERENT... OUR PEOPLE

Everyone at ON TIME works together as a team to provide you with the best possible service.

CUSTOMER SERVICE: Whether you need an ambulance in an emergency, or need to schedule an appointment, our friendly and knowledgeable representatives can assist you 24 hours, 7 days a week. After your first call, we enter your information into our system so that future trips can be easily scheduled. We also call to confirm appointments.

DISPATCHERS: Our experienced dispatchers are the link to our Field Associates and EMTs. They are familiar with the tri-state area and are able to communicate pertinent information to Field Associates via two way radios.

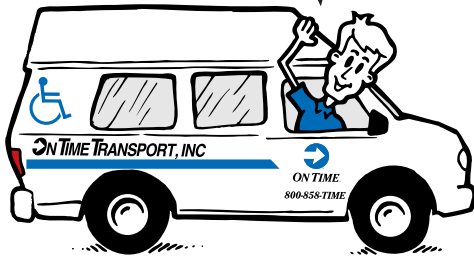

TRAINED FIELD ASSOCIATES AND EMTs: We are proud of our courteous Field Associates and Emergency Medical Technicians (EMTs). All are trained to anticipate the special needs of our clients. Each ambulance is staffed with certified EMTs. Criminal background checks and drug tests are performed on all Field Associates and EMTs. In addition, all Field Associates are trained in various medical and safety course work, which includes:

- MAVT (Mobility Assistance Vehicle Techniques)
- Child safety and car seat training
- PAT (Passenger Assistance Techniques)
- CPR & seizure training
- Defensive driving
- Sensitivity training
- Map reading

Excellence in Mobility Assistance

OUR VISION

To achieve *Excellence in Mobility Assistance* by providing timely, courteous and professional transportation services.

At a time when our country's health care system is under enormous scrutiny, and experts are uncertain as to how the "new" system will unfold, today's health care providers must deliver quality service at a cost effective price.

This need for attentive yet efficient service is why **ON TIME TRANSPORT, INC.** is becoming a leader in the medical transportation industry. Our goal is to provide an alternative to ambulance companies by supplying highly trained personnel in lower mode vehicles, therefore significantly reducing the cost.

The reason for the success of our company is simple: The entire organization is dedicated to providing outstanding service to our clients each and every day. **ON TIME** is setting industry standards in assisted and supervised transportation for clients of all ages.

We truly understand the needs of our clients. Many of our customers have continued to use our services since our first mile driven. Give us a call today and find out why we have provided service to thousands of satisfied clients.
